New LS Re-Power Packages

Combine classic styling with late-model technology; electronic fuel injection and a GM Factory 3 year Warranty.

Seven Point UpGrade Guide:

- ✓ **Drive Train:** pick a transmission, opt for either the 4L60E four-speed automatic or the T56 six-speed manual transmission. Engine and transmission cross members your choice of modify the stock K-member or install an aftermarket tubular unit.
- ✓ **Electrical:** All new LS engines are equipped with GM Factory engine wiring harness and PCM Computers.
- ✓ **Fuel:** Stainless Steel fuel tank, upgraded high-pressure fuel pump, fuel pressure regulator, sending unit and lines.
- ✓ **Suspension:** extra weight, altered center of gravity; consider new springs, subframe connectors, and Air-Ride Technologies shocks.
- ✓ **Brakes:** increased horsepower requires more stopping power consider Wilwood power disk brakes conversions.
- ✓ **Cooling:** Upgrade to a Be Cool radiator and consider adding Vintage Air climate control.
- ✓ **Exhaust:** Complete your ride with Stainless Steel Manifolds and Headers and MagnaFlow tuned exhausts.

LS Pricing starting at \$8,995.00
